To Whom It May Concern:

The purpose of this letter is to express to the reader my greatest level of satisfaction in working with Fielek Builders, L.L.C. I have had the pleasure of working closely with Julie and Matt Fielek while seeing 2 of our projects constructed by them. In 2002, they served as the General Contractor on a 16,500 sq. ft. closed-head injury rehabilitation facility in Brighton, and then in 2006, constructed a 5,100 sq. ft. addition to the facility. In both cases, the projects were constructed on schedule and within the budget. I have also found their level of professionalism, attention to detail, and quality of craftsmanship to be outstanding.

I have also had the opportunity to witness their expertise in constructing large, luxury homes and have been very impressed with their work in this area also. Julie and Matt are special people who truly care about doing good work and treating their clients fairly. I would welcome any opportunity to work with them again and highly recommend them to you as General Contractors.

Sincerely,
