

WILLOWBROOK

Rehabilitation Service

September 24, 2007

TO WHOM IT MAY CONCERN:

Fielek Builders have been our contractor of choice for the last 13 years on both commercial and residential projects, including our own home. Their commitment to quality and willingness to listen to their clients in order to deliver a finished product that meets and often times exceeds expectations, is their trademark.

Cost effectiveness and completing our projects on budget are things to which we have grown accustomed. Their contacts with tradespeople who are also committed to quality workmanship, allow for competitive pricing.

Fielek Builders is our chosen builder. We will continue to have them in mind on future building projects we consider.

Sincerely,

Eric Van Acker, MSA
President
